Introduction

The *Access to Information Act* (Revised Statutes of Canada, Chapter A-1, 1985) was proclaimed on July 1, 1983. The *Access to Information Act* (the “*Act*”) gives Canadian citizens and permanent residents a broad right of access to information contained in government records, including Crown Corporations and Agencies, subject to certain specific and limited exceptions.

This Annual Report to Parliament on the *Access to Information Act* is prepared and tabled in Parliament in accordance with section 94(1) of the *Act* and covers the period from April 1, 2019 to March 31, 2020.

Canada Development Investment Corporation (“CDEV” or the “Corporation”) became subject to the *Access to Information Act* on September 1, 2005.

Mandate of the Institution and Organizational Structure

CDEV was incorporated in 1982 as a federal crown corporation to provide a commercial vehicle for Government equity investment and to manage commercial holdings of the Government in the best interests of Canada, operating in a commercial manner.

CDEV is currently responsible for three wholly-owned subsidiaries: Canada Hibernia Holding Corporation (“CHHC”), Canada Eldor Inc. (“CEI”), Canada TMP Finance Ltd. (“TMP Finance”) and its subsidiary Trans Mountain Corporation (“TMC”). An Annual Report on the *Access to Information Act* has been prepared for each subsidiary.

The Corporation reports to Parliament through the Minister of Finance.

Two full-time CDEV employees are dedicated part-time to ATIP activities for CDEV and its subsidiaries, excluding TMC. The ATIP department consists of the ATIP Coordinator and one analyst. CDEV retains advice from external legal counsel and independent consultants as needed.

Delegation Order

The Delegation of Authority Order (Appendix A) is reviewed and approved annually by the head of the organization. The authority to approve or deny the release of departmental information requested under the *Act* is shared by the Executive Vice President and the ATIP Coordinator.

Information Holdings

The Access to Information and Privacy Coordinator is responsible for providing a full accounting of the Corporation’s information holdings to the Treasury Board Secretariat and ensures that updates are provided on a timely basis for inclusion in the *Info Source* publications.

The *Info Source* publications contain a description of the classes of corporate records held by the Canada Development Investment Corporation. The Corporation does not have any exempt banks. The Corporation publishes its *Info Source* chapter on its website at www.cdev.gc.ca.

The Canada Development Investment Corporation maintains a public website: www.cdev.gc.ca. The website provides information on ATIP matters for CDEV and its subsidiaries. Completed Access to Information request summaries are published on the website's Access to Information section.

As of the first quarter of 2018, completed request summaries are also available on the Open Government website and included in the searchable database.

Canada Development Investment Corporation does not maintain a formal reading room as it occupies only minimal office space. However, in accordance with the *Access to Information Act*, the Corporation will make arrangements to provide facilities for viewing material on an as required basis.

Highlights of the 2019-2020 Statistical Report

Appendix B provides a summarized statistical report on the *Access to Information Act* from April 1, 2019 to March 31, 2020.

The 2019-2020 year saw a sharp increase in formal requests, from four formal requests in 2018-2019 to twenty formal requests in 2019-2020. No requests were carried over from the previous fiscal year. The majority of requests were in relation to projects undertaken by the Corporation that were of interest to the media and general public.

Thirteen formal requests were closed during the reporting period. Three formal requests resulted in the full or partial release of records. Four formal requests resulted in no responsive records. Five formal requests were transferred to another institution with a greater interest in the requests, and one request was abandoned by the requester.

Twelve of the thirteen formal requests were closed within the statutory timelines, resulting in an overall timeline compliance rate of 92.3%. One request was released 28 days beyond the statutory timeline, due to complex external consultations with third parties and other government institutions.

Due to both request complexity, and the interruption of normal business operations resulting from the COVID-19 pandemic, seven of formal requests received in 2019-2020 have been carried over to the 2020-2021 reporting period. The Corporation has put in place mitigation measures to rapidly address this situation, including using professional access and privacy consulting services to complete the formal requests in a timely manner. A *Supplementary ATIP Statistical Report on the Impact of COVID-19 Measures* is included in this report (see Appendix C).

The Corporation received eight formal consultation requests from other government institutions. One formal consultation request was carried over from the previous reporting period. The formal consultation requests tended to be quite voluminous, with a total of almost 1,300 pages reviewed. The Corporation's advice back to the government institutions was to generally release the records, subject to certain exemptions and exclusions.

During the reporting period exemptions were invoked under sections 13(1)(c), 14(a), 14(b), 16(2)(c), 17, 18(a), 18(b), 19(1), 20(1)(b), 20(1)(c), 20(1)(d), 21(1)(a), 21(1)(b), 21(1)(c), and 23. The exclusion in section 68(a) was invoked once. These exemptions are the most commonly used by the Corporation due to the nature of the business.

Training and Awareness

CDEV management meets regularly with ATIP administrators to discuss specific requests and consultations as required.

Management are briefed on the status of files and reporting requirements on a regular basis. Summaries of formal and informal ATIP requests for CDEV and its subsidiaries are presented to the board of directors at least annually.

Policies, Guidelines, Procedures and Initiatives

ATIP policies, guidelines, procedures and initiatives are reviewed regularly. Changes in technology and software options are considered as they become available.

Due to the increase in requests this period, CDEV implemented request processing and case management software. This has significantly reduced processing times, streamlined file management and advanced data collection capabilities.

There were no changes to policies, guidelines or procedures during the reporting period.

Information Commissioner Complaints

No complaints were filed with the Information Commissioner of Canada against the Corporation in 2019-2020.

No audits or investigations were conducted in this period.

Monitoring Compliance

Outstanding requests are reviewed regularly to ensure the file is current and processing times are met.

As noted above, CDEV implemented request processing and case management software. The software provides data on time taken to process requests. This information

is monitored continuously to ensure timely processing and compliance.
